Members of the Christian Endeavor societies of the Connecticut Union conference met in this city Monday, holding afternoon and evening sessions at the First Baptist church. The meeting opened at 2 o'clock with a song service led by James Wilson of Stratford, one of the vice presidents of the state union. The delegates were welcomed to Willimantic by Mrs. Bernard Larkin, of the Christian Endeavor society of the First Baptist church. The afternoon devotional exercises were conducted by Rev. Walter E. Lemphear of Chaplin.

At 3:45 o'clock the business meeting took place. Herbert W. Hicks, Connecticut field secretary presided and gave a report of the activities of the union statewide. Announcements followed. In his summary of six months of field work Mr. Hicks published for use of the members the following report:

Much time was spent in the first month in getting records started and in making the office might be smooth and businesslike. Being a new office much was needed for equipment and new records and many points of contact with unions and societies needed to be established. There have been accomplished until at present nearly all parts of the state have been touched with correspondence if not by personal visit, and plans for enlarging the scope of this personal contact are under way.

The total working "hourage" of the first half-year was 1394, which, deducting Sundays and holidays as non-working days, makes an average of nine hours a day. During this time the field secretary traveled 4500 miles, delivering 81 addresses and taking part in 14 conferences where the audiences totaled 6200. This

traveling was in addition to the detail of the office work, where the mail received totaled 365 postals, 683 letters and 41 packages and where he typed 929 letters in addition to the various issues of the bulletin and form letters going to all on the mailing list. These addresses and conferences included thirty union meetings and twenty-seven meetings with individual societies and church, many times calling for two or more meetings with the same society or church on the same visit. In addition there have been two church associations who have asked for a word from the field secretary on the Christian Endeavor work.

The preponderance of the services of the field secretary has been to the societies realizing their need of help, and now that the Ford sedan has been placed under his service. And the large society inviting him encourages him many a time and gives new ideas that he may carry on to others. When you wish to get in touch with him drop him a line to 27 Lewis St., Hartford.

We look back with some satisfaction, but the big work is still ahead. We are to put Connecticut in the front ranks of the country. Your field secretary bespeaks your continued prayers that this work may count for all possible in the Kingdom. The prayers of individual Endeavorers mean much to our success.

The afternoon address was delivered by A. J. Shurtle of the United Societies of Christian Endeavor, Boston, who had for his topic, General Conference on Young People's Work. The Four Square campaign in Connecticut was outlined by Field Secretary Hicks, who stated that maps are to be furnished at late unions as societies desirous of obtaining them.

From 6 o'clock until six the time was passed playing games and getting up an appetite for the supper, which was served at 6 o'clock by members of the Christian Endeavor society of the First Baptist church.

The evening service opened at 7:30 o'clock with another song service, following which Rev. Dr. David A. Pitt, of Norwich, led the devotional service. A. J. Shurtle of Boston was heard on the topic, Past and Future in Connecticut. Music was again enjoyed following which Rev. Fred A. MacDonald of Westerly, R. I., president of the Rhode Island Christian Endeavor Union, spoke on What of Tomorrow? The closing benediction was pronounced by Rev. Arthur D. Carpenter, pastor of the local Baptist church. The next meeting of the union is to be held today (Tuesday) at the South Congregational church, New Britain.

## Somewhere a Nook is Waiting

Bay State Liquid Paints cover more surface and wear longer. There is a Bay State paint, stain, varnish or enamel for every painting purpose.

Somewhere about the house is a spot that needs varnishing—a window seat, the porch floor, a chair or doorway. Inorout will do the job in tip-top style. It gives a deep, rich, satiny sheen that can't be beaten.

It looks great on the car. For the motorboat, it has no equal. Salt water won't turn it white. Live steam or boiling water can't make it crack or chip. Raging storms or sizzling sun won't even dull its gloss. Ask for it by name—say "Inorout."

The Buick big six touring car owned by Wilfred Blanchette of this city and driven by a man whose name was given as Raymond Brown was almost completely demolished about 6 o'clock Monday evening on Windham road when the Buick and a Mack seven and one-half ton truck owned by the Standard Oil company sidwiped each other. The Standard Oil truck was headed towards Willimantic and was driven by Leslie E. Finch of Cheshire, Conn. As the truck was about to make the slight turn in the road there the Buick car came along, headed towards Norwich, and, according to the story of the men on the truck, plunged into the truck, striking the hub cap of the left front wheel and then hitting the battery box on the left side of the car. The force of the blow swung the Buick car about and it turned turtle. The two occupants of the Buick, Brown and a young lady, escaped serious injury, both suffering only minor cuts. Both were taken to Willimantic, where they were treated.

The truck was rendered useless, the drive shaft being bent and the battery box demolished. It was towed into Willimantic by another company truck. The Buick suffered the worst. The entire front end was crushed in, one wheel completely demolished, the engine pushed way back, both dashboards torn off, fender crushed and the steering wheel snapped off. The windshield escaped injury.

Mr. Blanchette, who owns the Buick, is on a hunting trip with friends in New Hampshire. The car was used in his taxi service business.

## Little Children Brighten Homes

EVERY young couple starting out in life has visions of joyful hours spent before the fireside with healthy, happy children; but, alas, how often young women who long for children are denied that happiness because of some functional derangement which may be corrected by proper treatment. Lydia E. Pinkham's Vegetable Compound is just the medicine for these conditions, as the following letters show:

McDonald, Ohio.—"I suffered from a displacement, a weakness, and a great deal of pain. The doctor said nothing would help me but an operation. He said I could never have any children because I was too weak. I had often heard of Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me. Now I am in the best of health, do all of my own work, and have a lovely boy six months old. I recommend your medicine to my friends and you have my permission to use this letter."—Mrs. J. C. EAGLESON, 426 Garfield Ave., McDonald, Ohio.

Mesa, Colorado.—"Ever since I was a young girl I suffered from a great deal of pain every month. I tried different medicines, but only got relief for a short time. I had been married seven years, and wanted a child, but was not well enough. My mother advised me to try Lydia E. Pinkham's Vegetable Compound as it had helped her, and I am happy to say it restored my health, my pains disappeared, and I have a fine little girl. I advise all women who suffer as I did to try Lydia E. Pinkham's Vegetable Compound."—Mrs. F. C. WIMER, Box 94, Mesa, Colorado.
